PROTEL HOSPITALITY PLATFORM

YOUR HOTEL AT THE HEART OF THE DIGITAL ECONOMY.

PROTEL GENIUS

MUCH MORE THAN YESTERDAY'S PERFORMANCE DASHBOARDS.

The protel Marketplace is where hotel operators of all sizes can easily find the applications they need for a perfect technology stack. Vendor-neutral from the get-go, the technology partners you already know and trust mix with the newcomers you have heard about.

Just select, trial and use the technologies you always dreamt of, without any of the integration nightmares of the past.

All your real-time data from across the entire operation served as and where needed. BI and AI surface proved, actionable insights. Instant prescriptive and predictive analyses deploy business recommendations to all customer-facing endpoints. Genius.

For example, use protel's Whisper Screen technology to enhance the guest experience, competitive advantage, and the bottom line, all at once.
